https://www.linkedin.com/in/khushimishra09/ | Khandwa, Madhya Pradesh

CAREER OBJECTIVE

Detail-oriented and analytical B.Tech Computer Science student with hands-on experience in Data Analysis, SQL, Python, Excel, and Power BI. Skilled in data cleaning, visualization, and deriving actionable insights from datasets. Seeking an entry-level Data Analyst role to contribute data-driven decision-making in a growth-oriented organization.

EDUCATION

B. Tech, Computer Science and Engineering

SDITS, RGPV University | Expected 2026 | CGPA: 6.97 /10

Class XII (CBSE)

Sophia Convent Sr. Sec. School | 74%

Class X (CBSE)

Sophia Convent Sr. Sec. School | 83.5%

TECHNICAL SKILLS

Languages: Python

Data Analysis Tools: Excel, Power BI, Tableau

Database: SQL(MySQL)

Visualization: Power BI, Tableau

Core Skills: Data Cleaning, Data Visualization, Data Interpretation, Dashboard Creation.

PROJECTS

Netflix Content Analysis Dashboard | Power BI

- Built interactive dashboard analyzing 5,000+ Netflix records to identify genre and country trends
- Performed data cleaning and visualization using Power Query and Power BI

AI Chatbot Web Application | Python, Streamlit

- Developed an AI chatbot using Streamlit and Python to handle real-time user queries, improving response efficiency by 30%.

COVID-19 Data Analysis Dashboard| Excel, Power BI

- Analyzed COVID-19 dataset to track confirmed, recovered, and death cases
- Performed data cleaning and transformation using Excel/Power Query
- Built interactive dashboard with filters for trends and region analysis

CERTIFICATIONS & TRAINING

Python Programming – Training & Practice | TechRitzy Pvt. Ltd. | **Nov 2025-Dec 2025**

- Completed hands-on training in Python including functions, loops, and file handling
- Developed basic projects to strengthen programming and problem-solving skills

Deloitte Australia Data Analytics Job Simulation | Forage | **Oct 2025**

- Performed data analysis and created interactive dashboard using Tableau
- Used Excel for data classification and generated business insights

Data Analytics Training | Digital Computing | **Feb 2024 – Mar 2024**

- Learned data analysis using MS Excel and Power BI
- Gained understanding of data visualization and analytics concepts
